Note to existing members: This formulary has changed since last year. Please review this document to make sure that it still contains the drugs you take.

When this drug list (formulary) refers to “we,” “us,” or “our,” it means Devoted Health. When it refers to “plan” or “our plan,” it means Devoted Health HMO, Devoted Health Prime HMO, or Devoted Health Essentials HMO.

This document includes a list of the drugs (formulary) for our plan which is current as of March 1, 2020. For an updated formulary, please contact us. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

You must generally use network pharmacies to use your prescription drug benefit. Benefits, formulary, pharmacy network, and/or copayments/coinsurance may change on January 1, 2021, and from time to time during the year.

What is the Devoted Health Formulary?

A formulary is a list of covered drugs selected by Devoted Health in consultation with a team of health care providers, which represents the prescription therapies believed to be a necessary part of a quality treatment program. Devoted Health will generally cover the drugs listed in our formulary as long as the drug is medically necessary, the prescription is filled at a Devoted Health network pharmacy, and other plan rules are followed. For more information on how to fill your prescriptions, please review your Evidence of Coverage.

Can the Formulary (drug list) change?

Most changes in drug coverage happen on January 1, but we may add or remove drugs on the Drug List during the year, move them to different cost-sharing tiers, or add new restrictions. We must follow Medicare rules in making these changes.

Changes that can affect you this year: In the below cases, you will be affected by coverage changes during the year:

- **New generic drugs.** We may immediately remove a brand name drug on our Drug List if we are replacing it with a new generic drug that will appear on the same or lower cost sharing tier and with the same or fewer restrictions. Also, when adding the new generic drug, we may decide to keep the brand name drug on our Drug List, but immediately move it to a different cost-sharing tier or add new restrictions. If you are currently taking that brand name drug, we may not tell you in advance before we make that change, but we will later provide you with information about the specific change(s) we have made.
- If we make such a change, you or your prescriber can ask us to make an exception and continue to cover the brand name drug for you. The notice we provide you will also include information on how to request an exception, and you can also find information in the section below entitled “How do I request an exception to the Devoted Health Formulary?”

- **Drugs removed from the market.** If the Food and Drug Administration deems a drug on our formulary to be unsafe or the drug’s manufacturer removes the drug from the market, we will immediately remove the drug from our formulary and provide notice to members who take the drug.
- **Other changes.** We may make other changes that affect members currently taking a drug. For instance, we may add a generic drug that is not new to market to replace a brand name drug currently on the formulary or add new restrictions to the brand name drug or move it to a different cost-sharing tier. Or we may make changes based on new clinical guidelines. If we remove drugs from our formulary, add prior authorization, quantity limits and/or step therapy restrictions on a drug or move a drug to a higher cost-sharing tier, we must notify affected members of the change at least 30 days before the change becomes effective, or at the time the member requests a refill of the drug, at which time the member will receive a 30-day supply of the drug.
- If we make these other changes, you or your prescriber can ask us to make an exception and continue to cover the brand name drug for you. The notice we provide you will also include information on how to request an exception, and you can also find information in the section below entitled “How do I request an exception to the Devoted Health Formulary?”

Changes that will not affect you if you are currently taking the drug. Generally, if you are taking a drug on our 2020 formulary that was covered at the beginning of the year, we will not discontinue or reduce coverage of the drug during the 2020 coverage year except as described above. This means these drugs will remain available at the same cost-sharing and with no new restrictions for those members taking them for the remainder of the coverage year.

The enclosed formulary is current as of March 1, 2020. To get updated information about the drugs covered by Devoted Health, please contact us. Our contact information appears on the front and back cover pages. We will update the downloadable formularies each month and they will be available on www.devoted.com. In the event of a mid-year non-maintenance formulary change, you will be notified via an errata sheet.

How do I use the formulary?

There are two ways to find your drug within the formulary:

Medical Condition

The formulary begins on page 18. The drugs in this formulary are grouped into categories depending on the type of medical conditions that they are used to treat. For example, drugs used to treat a heart condition are listed under the category, “Cardiovascular”. If you know what your drug is used for, look for the category name in the list that begins on page number 16. Then look under the category name for your drug.

Alphabetical Listing

If you are not sure what category to look under, you should look for your drug in the Index that begins on page 75. The Index provides an alphabetical list of all the drugs included in this document. Both brand name drugs and generic drugs are listed in the Index. Look in the Index and find your drug. Next to your drug, you will see the page number where you can find coverage information. Turn to the page listed in the Index and find the name of your drug in the first column of the list.

What are generic drugs?

Devoted Health covers both brand name drugs and generic drugs. A generic drug is approved by the FDA as having the same active ingredient as the brand name drug. Generally, generic drugs cost less than brand name drugs.

Are there any restrictions on my coverage?

Some covered drugs may have additional requirements or limits on coverage. These requirements and limits may include:

- **Prior Authorization:** Devoted Health requires you or your physician to get prior authorization for certain drugs. This means that you will need to get approval from Devoted Health before you fill your prescriptions. If you don't get approval, Devoted Health may not cover the drug.
- **Quantity Limits:** For certain drugs, Devoted Health limits the amount of the drug that Devoted Health will cover. For example, Devoted Health provides 30 capsules every 30 days for DEXILANT. This may be in addition to a standard one-month or three-month supply.
- **Step Therapy:** In some cases, Devoted Health requires you to first try certain drugs to treat your medical condition before we will cover another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, Devoted Health may not cover Drug B unless you try Drug A first. If Drug A does not work for you, Devoted Health will then cover Drug B.

You can find out if your drug has any additional requirements or limits by looking in the formulary that begins on page 18. You can also get more information about the restrictions applied to specific covered drugs by visiting our Website. We have posted online documents that explain our prior authorization and step therapy restrictions. You may also ask us to send you a copy. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

You can ask Devoted Health to make an exception to these restrictions or limits or for a list of other, similar drugs that may treat your health condition. See the section, "How do I request an exception to the Devoted Health formulary?" on page 4 for information about how to request an exception.

What if my drug is not on the Formulary?

If your drug is not included in this formulary (list of covered drugs), you should first contact Member Services and ask if your drug is covered.

If you learn that Devoted Health does not cover your drug, you have two options:

- You can ask Member Services for a list of similar drugs that are covered by Devoted Health. When you receive the list, show it to your doctor and ask him or her to prescribe a similar drug that is covered by Devoted Health.
- You can ask Devoted Health to make an exception and cover your drug. See below for information about how to request an exception.

How do I request an exception to the Devoted Health Formulary?

You can ask Devoted Health to make an exception to our coverage rules. There are several types of exceptions that you can ask us to make.

- You can ask us to cover a drug even if it is not on our formulary. If approved, this drug will be covered at a pre-determined cost-sharing level, and you would not be able to ask us to provide the drug at a lower cost-sharing level.
- You can ask us to cover a formulary drug at a lower cost-sharing level if this drug is not on the specialty tier. If approved this would lower the amount you must pay for your drug.
- You can ask us to waive coverage restrictions or limits on your drug. For example, for certain drugs, Devoted Health limits the amount of the drug that we will cover. If your drug has a quantity limit, you can ask us to waive the limit and cover a greater amount.

Generally, Devoted Health will only approve your request for an exception if the alternative drugs included on the plan's formulary, the lower cost-sharing drug or additional utilization restrictions would not be as effective in treating your condition and/or would cause you to have adverse medical effects.

You should contact us to ask us for an initial coverage decision for a formulary or utilization restriction exception. **When you request a formulary or utilization restriction exception you should submit a statement from your prescriber or physician supporting your request.** Generally, we must make our decision within 72 hours of getting your prescriber's supporting statement. You can request an expedited (fast) exception if you or your doctor believe that your health could be seriously harmed by waiting up to 72 hours for a decision. If your request to expedite is granted, we must give you a decision no later than 24 hours after we get a supporting statement from your doctor or other prescriber.

What do I do before I can talk to my doctor about changing my drugs or requesting an exception?

As a new or continuing member in our plan you may be taking drugs that are not on our formulary. Or, you may be taking a drug that is on our formulary but your ability to get it is limited. For example, you may need a prior authorization from us before you can fill your prescription. You should talk to your doctor to decide if you should switch to an appropriate drug that we cover or request a formulary exception so that we will cover the drug you take. While you talk to your doctor to determine the right course of action for you, we may cover your drug in certain cases during the first 90 days you are a member of our plan.

For each of your drugs that is not on our formulary or if your ability to get your drugs is limited, we will cover a temporary 30-day supply. If your prescription is written for fewer days, we'll allow refills to provide up to a maximum 30-day supply of medication. After your first 30-day supply, we will not pay for these drugs, even if you have been a member of the plan less than 90 days.

If you are a resident of a long-term care facility and you need a drug that is not on our formulary or if your ability to get your drugs is limited, but you are past the first 90 days of membership in our plan, we will cover a 31-day emergency supply of that drug while you pursue a formulary exception.

If you experience a change in your level of care, such as a move from a home to a long-term care setting, and need a drug that is not on our formulary (or if your ability to get your drugs is limited), we may cover a one-time temporary supply from a network pharmacy for up to 30 days unless you have a prescription for fewer

days. You should use the plan's exception process if you wish to have continued coverage of the drug after the temporary supply is finished.

For more detailed information about your Devoted Health prescription drug coverage, please review your Evidence of Coverage and other plan materials.

If you have questions about Devoted Health, please contact us. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

If you have general questions about Medicare prescription drug coverage, please call Medicare at 1-800-MEDICARE (1-800-633-4227) 24 hours a day/7 days a week. TTY users should call 1-877-486-2048. Or, visit <http://www.medicare.gov>.

Devoted Health's Formulary

The formulary below provides coverage information about the drugs covered by Devoted Health. If you have trouble finding your drug in the list, turn to the Index that begins on page 75.

The first column of the chart lists the drug name. Brand name drugs are capitalized (e.g., ENTRESTO) and generic drugs are listed in lower-case italics (e.g., *omeprazole*).

The information in the Requirements/Limits column tells you if Devoted Health has any special requirements for coverage of your drug.

B/D: Medicare Part B or D

These drugs require prior authorization to determine appropriate coverage under Medicare Part B or Part D. Some Part B drugs may require a 20% co-insurance for Devoted Health members.

QL: Quantity Limit applies.

Because of potential safety and utilization concerns, Devoted Health has placed dispensing limitations on a small number of prescription drugs. This means that the pharmacy will only dispense a certain quantity of a drug within a given time period. These quantities are based on recognized standards of care, such as U.S. Food and Drug Administration recommendations for use. If your doctor believes you need a quantity greater than the program limitation, your doctor may ask Devoted Health to make an exception to our coverage rules. See the section, "How do I request an exception to the Devoted Health formulary?" on page 4 for information about how to request an exception.

LA: Limited Access drug.

This prescription may be available only at certain pharmacies. For more information consult your Pharmacy Directory or call Devoted Health at 1-800-338-6833, Monday-Friday 8:00 a.m. – 8:00 p.m. (From Oct. 1 –Mar. 31 representatives are available 7 days a week, 8:00 a.m. - 8:00 p.m.). TTY users should call 711.

PA: Prior Authorization Required.

The Prior Authorization process encourages rational prescribing of drug products with significant safety and/or financial concerns. A provider can submit a request for coverage based on a member's medical need for a particular drug. If approved, the member pays the designated tier co-payment. An appeal process exists for denied requests.

ST: Step Therapy Applies.

Step Therapy is an automated form of Prior Authorization, which uses claims history for approval of a drug at the point of sale. Step Therapy Programs help encourage the clinically proven use of first-line therapies and are designed to ensure the utilization of the most therapeutically appropriate and cost-effective agents first, before other treatments may be covered.

Members who are currently on drugs that meet the initial Step Therapy criteria will automatically be able to fill their prescriptions for medications on the next Step. If the member does not meet the initial Step Therapy criteria, the prescription will deny at the point of sale with a message indicating that Prior Authorization (PA) is required. Physicians may submit Prior Authorization requests to Devoted Health for members who do not meet the Step Therapy criteria at the point of sale. See the section, "How do I request an exception to the Devoted Health formulary?" on page 4 for information about how to request an exception to Devoted Health's prior authorization and step therapy criteria.

GC: Gap Coverage.

For Devoted Health Miami-Dade HMO, Devoted Health Prime Miami-Dade HMO, Devoted Health Broward HMO, Devoted Health Palm Beach HMO, Devoted Health Central Florida HMO, & Devoted Health Greater Tampa Bay HMO members, we provide additional coverage for Tier 1 and Tier 2 drugs in the Coverage Gap. Please refer to our Evidence of Coverage for more information about this coverage.

NDS: Non-extended Day Supply Drug

In an effort to contain drug costs, certain high-cost drugs will be limited up to a 30-day supply per fill.

LA: Limited Access: Specialty Pharmacy provider

You have the option to obtain this drug through a designated Specialty Pharmacy provider. These pharmacies specialize in supplying a select number of medications directly to Devoted Health members. They also provide free delivery to your home, educational support 24/7 by phone, support of nurses and pharmacists, and will work closely with your doctor. Medications include, but are not limited to, drugs used in the treatment of multiple sclerosis, hepatitis C, rheumatoid arthritis, and cancers treated with oral medications. The direct number for Devoted Health's Specialty Pharmacy provider is: SP-CVS specialty: 1-800-237-2767.

About Drug Tiers

Tiers are just a way to group drugs based on how much they cost. Generally, the higher the tier, the more you'll have to pay out of your own pocket.

Tier	Description
1	Preferred Generic Drugs
2	Generic Drugs
3	Preferred Brand Drugs
4	Non-Preferred Drugs
5	Specialty Tier Drugs

lowercase italics = generic drug
ALL CAPS = brand-name drug

Nota para miembros actuales: Este formulario ha cambiado desde el año pasado. Revise este documento para asegurarse de que lista aun contiene los medicamentos que usted toma.

Cuando esta lista de medicamentos (formulario) se refiere a "nosotros" o "nuestro", significa Devoted Health. Cuando se refiere a "plan" o "nuestro plan" significa Devoted Health HMO, Devoted Health Prime HMO, o Devoted Health Essentials HMO.

Este documento incluye una lista de medicamentos (formulario) para nuestro plan el cual está vigente al 1 de marzo de 2020. Contáctenos para obtener un formulario actualizado. Nuestra información de contacto, junto con la fecha de la última actualización del formulario, aparece en la portada y contraportada.

En general, debe usar las farmacias de la red para usar su beneficio de medicamentos recetados. Los beneficios, el formulario, la red de farmacias, y/o copagos/coseguro pueden cambiar el 1 de enero de 2021, y cada cierto tiempo a lo largo del año.

¿Qué es el Formulario de Devoted Health?

Un formulario es una lista de medicamentos cubiertos seleccionados por Devoted Health en consulta con un equipo de proveedores de atención médica, que representa las terapias de medicamentos considerados como una parte necesaria en un programa de tratamiento de calidad. Devoted Health, por lo general, cubrirá los medicamentos que se indican en nuestro formulario siempre que el medicamento sea necesario por razones médicas. El medicamento es surtido en una farmacia de la red de Devoted Health, y se siguen otras reglas del plan. Para obtener más información sobre cómo surtir sus medicamentos, revise su Evidencia de Cobertura.

¿Puede cambiar el Formulario (lista de medicamentos)?

La mayoría de los cambios en la cobertura de medicamentos suceden el 1 de enero, pero podemos agregar o eliminar medicamentos de la Lista de medicamentos durante el año, moverlos a diferentes niveles de costos compartidos o agregar nuevas restricciones. Debimos cumplir las reglas de Medicare al realizar estos cambios.

Cambios que pudieran afectarle este año: En los casos a continuación, se verá afectado por los cambios de cobertura durante el año:

- **Nuevos medicamentos genéricos.** Podemos eliminar inmediatamente un medicamento de marca de nuestra Lista de medicamentos, si lo reemplazamos con un medicamento genérico nuevo que aparecerá en el mismo nivel de costo compartido o con un costo compartido menor y con las mismas o menos restricciones. También, cuando se agrega un medicamento genérico nuevo, podríamos decidir conservar el medicamento de marca en nuestra Lista de medicamentos, pero moverlo inmediatamente a un nivel de costo compartido diferente o agregar nuevas restricciones. Si en la actualidad usted está tomando ese medicamento de marca, pudiéramos no informarle por anticipado de ese cambio, pero más adelante le proporcionaremos información sobre el(los) cambio(s) específico(s) que hayamos hecho.
- Si hacemos tal cambio, usted o el profesional que emite su receta puede solicitarnos una excepción y continuar la cobertura del medicamento de marca que usted toma. La notificación que le proporcionamos también incluirá información sobre cómo solicitar una excepción, y también puede encontrar información en la sección a continuación titulada "¿Cómo solicito una excepción al formulario de Devoted Health?"

- **Medicamentos retirados del mercado.** Si la Administración de Alimentos y Medicamentos considera que un medicamento incluido en nuestro formulario es inseguro o si el fabricante del medicamento lo retira del mercado, nosotros inmediatamente retiraremos el medicamento de nuestro formulario y notificaremos a los miembros que toman el medicamento.
- **Otros cambios.** Podemos realizar otros cambios que afecten a los miembros que actualmente toman un medicamento. Por ejemplo, podemos agregar un medicamento genérico que no sea nuevo en el mercado para reemplazar un medicamento de marca que esté actualmente incluido en el formulario o agregar nuevas restricciones al medicamento de marca o moverlo a un nivel de costo compartido diferente. O podemos hacer cambios basados en nuevas directrices clínicas. Si eliminamos medicamentos de nuestro formulario, agregamos autorización previa, límites de cantidad y/o restricciones en la terapia por fases en un medicamento o movemos el medicamento a un nivel de costo compartido mayor, debemos notificar a los miembros afectados del cambio, al menos 30 días antes de que el cambio entre en vigencia, o en el momento en que el miembro solicite una repetición del medicamento, en cuyo caso, el miembro recibirá un suministro de 30 días del medicamento.
- Si hacemos estos otros cambios, usted o el profesional que emite su receta puede solicitarnos una excepción y continuar la cobertura del medicamento de marca que usted toma. La notificación que le proporcionamos también incluirá información sobre cómo solicitar una excepción, y también puede encontrar información en la sección a continuación titulada "¿Cómo solicito una excepción al formulario de Devoted Health?"

Cambios que no le afectarán si actualmente está tomando el medicamento. En general, si usted está tomando un medicamento incluido en nuestro formulario del 2020 que tenía cobertura a principios del año, no descontinuaremos o reduciremos la cobertura del medicamento durante la cobertura del 2020, salvo lo indicado anteriormente. Esto significa que estos medicamentos permanecerán disponibles al mismo costo-compartido y sin nuevas restricciones para aquellos miembros que estarán tomándolos por el resto del año de la cobertura.

El formulario adjunto está actualizado al 1 de marzo de 2020. Contáctenos para obtener información actualizada sobre los medicamentos cubiertos por Devoted Health. Nuestra información de contacto se encuentra en la portada y contraportada. Actualizaremos los formularios descargables cada mes y estos estarán disponibles en www.devoted.com/es. En el caso de que se produzca un cambio a mediados de año en el formulario que no sea de mantenimiento, se le notificará a través de una fe de erratas.

¿Cómo utilizo el Formulario?

Hay dos maneras de encontrar su medicamento en el formulario:

Condición médica

El formulario comienza en la página 18. Los medicamentos en este formulario están agrupados por categorías dependiendo del tipo de condición médica para los que se utilizan. Por ejemplo, los medicamentos utilizados para el tratamiento de condiciones cardíacas están indicados bajo la categoría "Cardiovascular". Si usted conoce el uso que tiene su medicamento, busque el nombre de la categoría en la lista que comienza en la página número 16. Luego busque su medicamento bajo el nombre de la categoría.

Lista alfabética

De no estar seguro en que categoría debe buscar, usted debería buscar su medicamento en el Índice que comienza en la página 75. El Índice proporciona una lista alfabética de todos los medicamentos incluidos en este documento. Ambos, los medicamentos de marca y los genéricos están indicados en el Índice. Busque en el Índice y encuentre su medicamento. Al lado de su medicamento, verá el número de la página en la que puede encontrar la información de la cobertura. Vaya a la página indicada en el índice y encuentre el nombre de su medicamento en la primera columna de la lista.

¿Qué son los medicamentos genéricos?

Devoted Health cubre tanto los medicamentos de marca como los medicamentos genéricos. Un medicamento genérico recibe la aprobación de la FDA por tener los mismos ingredientes activos que el medicamento de marca. En general, los medicamentos genéricos tienen un costo menor que los medicamentos de marca.

¿Mi cobertura tiene alguna restricción?

Algunos medicamentos cubiertos pueden tener requisitos adicionales o límites en la cobertura. Estos requisitos y límites pueden incluir:

- **Autorización previa:** Devoted Health requiere que usted o su médico obtengan autorización previa para ciertos medicamentos. Esto significa que usted necesitará obtener la aprobación de Devoted Health para poder surtir sus recetas. Si no obtiene la aprobación, Devoted Health pudiera no cubrir el medicamento.
- **Límites de la cantidad:** Para ciertos medicamentos, Devoted Health aplica límites en la cantidad del medicamento que Devoted Health cubrirá. Por ejemplo, Devoted Health provee 30 capsulas cada 30 días de DEXILANT. Esto pudiera ser adicional al suministro mensual estándar de un mes o de tres meses.
- **Terapia por fases:** En algunos casos, Devoted Health requiere que usted primero pruebe ciertos medicamentos para el tratamiento de su condición médica antes de cubrir otros medicamentos para esa condición. Por ejemplo, si el medicamento A y el medicamento B ambos son para el tratamiento de su condición médica, Devoted Health pudiera no cubrir el medicamento B, a menos, que usted pruebe primero el medicamento A. Si el medicamento A no funciona para usted, entonces Devoted Health cubrirá el medicamento B.

Usted puede encontrar si su medicamento tiene algún requisito o límite adicional buscando en el formulario que comienza en la página 18. También puede obtener más información sobre las restricciones aplicadas a medicamentos cubiertos específicos visitando nuestro sitio web. Hemos publicado documentos en línea que explican nuestras restricciones de autorización previa y terapia por fases. También puede pedir que le enviemos una copia. Nuestra información de contacto, junto con la fecha de la última actualización del formulario, aparece en la portada y contraportada.

Puede solicitar a Devoted Health hacer una excepción a dichas restricciones o límites; o solicitar una lista de otros medicamentos similares que pueden usarse para el tratamiento de su condición médica. Consulte la sección “¿Cómo solicito una excepción al formulario de Devoted Health?” en la página 11 para obtener información sobre cómo solicitar una excepción.

¿Qué sucede si mi medicamento no está en el Formulario?

Si su medicamento no ha sido incluido en este formulario (lista de medicamentos cubiertos), usted primero debe comunicarse con Servicios para miembros y preguntar si su medicamento está cubierto.

Si se entera que Devoted Health no cubre su medicamento, tiene dos opciones:

- Puede pedirle a Servicios para miembros una lista de medicamentos similares cubiertos por Devoted Health. Cuando reciba la lista, muéstresela a su médico y pídale le recete un medicamento similar que esté cubierto por Devoted Health.
- Usted puede pedirle a Devoted Health que haga una excepción y que cubra su medicamento. Vea a continuación información sobre cómo solicitar una excepción.

¿Cómo solicito una excepción al formulario de Devoted Health?

Usted puede pedirle a Devoted Health que haga una excepción a nuestras reglas de cobertura. Hay varios tipos de excepciones que puede solicitarnos.

- Puede pedirnos que se cubra un medicamento aun cuando no esté en nuestro formulario. Si es aprobado, este medicamento será cubierto en un nivel de costo-compartido predeterminado, y no podrá solicitarnos que le proporcionemos el medicamento a un nivel de costo compartido más bajo.
- Usted puede pedirnos cubrir un medicamento del formulario a un nivel de costo compartido más bajo, si el medicamento no se encuentra en el nivel de especialidad. Si es aprobado esto reduciría la cantidad que debe pagar por su medicamento.
- Puede solicitarnos que eliminemos las restricciones o límites de cobertura de su medicamento. Por ejemplo, para ciertos medicamentos, Devoted Health limita la cantidad de medicamento que cubriremos. Si su medicamento tiene un límite de cantidad, usted puede solicitarnos que eliminemos el límite y que cubramos una mayor cantidad.

Por lo general, Devoted Health solo aprobará su solicitud de una excepción si los medicamentos alternativos incluidos en el formulario del plan, el medicamento de costo-compartido más bajo o las restricciones de utilización adicionales no serían tan eficaces en el tratamiento de su condición y/o causaría que tenga efectos médicos adversos.

Debería contactarnos para solicitar una decisión sobre la cobertura inicial para un formulario o excepción de restricción de utilización. **Cuando solicita una excepción al formulario o restricción de utilización, debe enviar una declaración de su médico o profesional que emite su receta que respalde su solicitud.** En general, debemos tomar nuestras decisiones dentro de 72 horas después de haber recibido la declaración de respaldo del profesional que emite su receta. Usted puede solicitar una excepción acelerada (rápida), si usted o su médico consideraran que su salud podría verse seriamente perjudicada al esperar hasta 72 horas para que se tome una decisión. Si su solicitud de excepción acelerada se aprueba, debemos darle una decisión a más tardar 24 horas después de que recibamos una declaración de respaldo de su médico u otro profesional que emita su receta.

¿Qué hago antes de poder hablar con mi médico sobre un cambio de medicamentos o solicitar una excepción?

Como miembro nuevo o continuo de nuestro plan, es posible que esté tomando medicamentos que no están en nuestro formulario. O, pudiera estar tomando un medicamento que esté en nuestro formulario pero su capacidad para obtenerlo es limitada. Por ejemplo, usted puede necesitar una autorización previa de nosotros antes de surtir su receta. Consulte a su médico para decidir si debe cambiarse a un medicamento apropiado cubierto por nosotros o solicitar una excepción del formulario, de manera que podamos cubrir el medicamento que usted toma. Mientras usted habla con su médico para determinar el curso correcto de acción, pudiéramos cubrir sus medicamentos en ciertos casos durante los primeros 90 días de su afiliación a nuestro plan.

Para cada uno de sus medicamentos que no está en nuestro formulario o si su capacidad para obtener sus medicamentos es limitada, nosotros cubriremos un suministro temporal de 30 días. Si su receta está escrita por menos de días, permitiremos repeticiones de medicamentos para proporcionarle un suministro máximo de medicamento para 30 días. Después de su primer suministro de 30 días, no pagaremos por estos medicamentos, incluso si ha sido miembro del plan por menos de 90 días.

Si usted reside en un centro de cuidado a largo plazo y necesita un medicamento que no esté en nuestro formulario o si su capacidad para obtener sus medicamentos es limitada, pero han pasado los primeros 90 días de membresía en nuestro plan, cubriremos un suministro de emergencia de 31 días de ese medicamento, mientras procesa su excepción al formulario.

Si usted experimenta un cambio en su nivel de atención, tal como una mudanza de su hogar a un centro de cuidado a largo plazo, y necesita de un medicamento que no está incluido en nuestro formulario (o si su capacidad para obtenerlo es limitada), pudiéramos cubrir un suministro único temporal de una farmacia de la red hasta por 30 días, a menos, que tenga una receta por menos días. Debe usar el proceso de excepción del plan si desea continuar con la cobertura del medicamento después de que finalice el suministro temporal.

Formulario de Devoted Health

El siguiente formulario provee información sobre la cobertura de los medicamentos que cubre Devoted Health. Si tiene problemas para encontrar su medicamento en la lista, vaya al Índice que empieza en la página 75.

La primera columna de la tabla muestra el nombre del medicamento. Los medicamentos de marca están en mayúsculas (por ejemplo, ENTRESTO) y los medicamentos genéricos se muestran en minúsculas y cursivas (por ejemplo, *omeprazole*).

La información en la columna de Requisitos/Límites le dice si Devoted Health tiene algún requisito especial para cubrir su medicamento.

B/D: Parte B o D de Medicare

Estos medicamentos requieren autorización previa para determinar la cobertura apropiada bajo la Parte B o la Parte D de Medicare. Algunos medicamentos de la Parte B requieren un coseguro del 20% para los miembros de Devoted Health.

QL: Se aplican límites en la cantidad.

Debido a preocupaciones potenciales de seguridad y utilización, Devoted Health ha colocado limitaciones de suministro en una pequeña cantidad de medicamentos con receta. Esto significa que la farmacia solo suministrará una cierta cantidad de un medicamento dentro de un período de tiempo determinado. Estas cantidades se basan en los estándares reconocidos de cuidados, tales como las recomendaciones de la Administración de Alimentos y Medicamentos de los Estados Unidos. Si su médico cree que usted necesita una cantidad mayor a la limitación establecida por el programa, su médico puede solicitar a Devoted Health hacer una excepción a nuestras reglas de cobertura. Consulte la sección “¿Cómo solicito una excepción al formulario de Devoted Health?” en la página 11 para obtener información sobre cómo solicitar una excepción.

LA: Medicamento con acceso limitado.

Este medicamento recetado puede estar disponible solo en ciertas farmacias. Para obtener más información consulte su Directorio de farmacias o llame a Devoted Health al 1-800-338-6833, de lunes a viernes, de 8:00 a.m. a 8:00 p.m. (Del 1 de octubre al 31 de marzo, los representantes están disponibles los 7 días de la semana, de 8:00 a.m. a 8:00 p.m.). Los usuarios de TTY deben llamar al 711.

PA: Se requiere autorización previa.

El proceso de Autorización previa fomenta recetar de manera racional medicamentos con importantes problemas de seguridad y/o financieros. Un proveedor puede presentar una solicitud de cobertura basado en la necesidad médica de un miembro por un medicamento en particular. Si es aprobado, el miembro paga el nivel designado de copago. Existe un proceso de apelación para las solicitudes rechazadas.

ST: Se aplica la Terapia por fases.

La Terapia por fases es una forma automática de Autorización previa que utiliza el historial de reclamaciones para la aprobación de un medicamento en el punto de venta. Los Programas de terapia por fases ayudan a fomentar el uso clínicamente probado de terapias de primera línea y están diseñados para garantizar que se utilicen, primero, los agentes más terapéuticamente apropiados y económicos, antes de que se puedan cubrir otros tratamientos.

Los miembros que actualmente toman medicamentos y que cumplen con el criterio inicial de Terapia por fases, automáticamente podrán surtir sus recetas por medicamentos en la próxima Fase. Si el miembro no cumple con el criterio inicial de Terapia por fases, el medicamento con receta será rechazado en el punto de venta con un mensaje que indica que se requiere la Autorización previa (PA). Los médicos pueden presentar a Devoted Health solicitudes de Autorización previa para miembros que no cumplen con el criterio de Terapia por fases en el punto de venta. Consulte la sección “¿Cómo solicito una excepción al formulario de Devoted Health?” en la página 11 para obtener información sobre cómo solicitar una excepción a los criterios de autorización previa y terapia por fases de Devoted Health.

GC: Vacío de cobertura

Para los miembros de Devoted Health Miami-Dade HMO, Devoted Health Prime Miami-Dade HMO, Devoted Health Broward HMO, Devoted Health Palm Beach HMO, Devoted Health Central Florida HMO, y Devoted Health Greater Tampa Bay HMO, proveemos cobertura adicional para los Niveles 1 y Niveles 2 de medicamentos en el vacío de cobertura. Consulte nuestra Evidencia de Cobertura para obtener más información sobre esta cobertura.

NDS: Días de suministro de medicamento no extendido

En un esfuerzo por contener los costos de los medicamentos, algunos medicamentos de alto costo estarán limitados a un suministro de hasta 30 días por surtido.

LA: Acceso limitado: Proveedor de Farmacia especializada

Usted tiene la opción de obtener este medicamento a través de un proveedor de Farmacia especializada designado. Estas farmacias se especializan en suministrar un selecto número de medicamentos directamente a los miembros de Devoted Health. Ellos también proveen entrega gratuita a su hogar, apoyo educacional las 24 horas del día los 7 días de la semana por teléfono, ayuda de enfermeras y farmacéuticos, y trabajarán de forma muy cercana con su médico. Los medicamentos incluyen, pero no se limitan a, medicamentos utilizados en el tratamiento de esclerosis múltiple, hepatitis C, artritis reumatoide y cánceres tratados con medicamentos orales. El número directo del proveedor de Farmacia especializada de Devoted Health es: SP-CVS specialty: 1-800-237-2767.

Sobre niveles en los medicamentos

Los niveles son solo una forma de agrupar los medicamentos según el costo. Por lo general, cuanto más alto sea el nivel, más tendrá que pagar de su propio bolsillo.
