

Devoted Health is on a mission to make healthcare more affordable, caring, and attentive for people on Medicare. In other words, Devoted Health's mission is to build a healthcare system that treats every member like they were family. Committed to building a next-generation Medicare Advantage plan, Devoted Health is partnering with top trusted doctors, using cutting-edge technology, and working with health care guides to give seniors easy access to the high-quality health care they deserve. Devoted Health is approved by the State of Florida to offer plans in eight counties across the state in 2019— Broward, Hillsborough, Miami-Dade, Osceola, Palm Beach, Pinellas, Polk, and Seminole.

Background

Devoted Health was co-founded by Ed Park and Todd Park in 2017. Headquartered in the Greater Boston Area, with offices in Miramar, FL and Palo Alto, CA, Devoted Health is home to some of the country's leading experts in healthcare. Ed Park is the former Athenahealth chief technology officer and chief operating officer. Todd Park previously co-founded Athenahealth and Castlight Health, and has served as U.S. Chief Technology Officer.

Devoted Health board members include Venrock partners Bryan Roberts and Bob Kocher, who is also the company's Chief Medical Officer; Kathleen Sebelius, the former Secretary of the U.S. Department of Health and Human Services; and Bill Frist, a medical doctor and former U.S. Senate Majority Leader.

The Devoted Solution

With aging demographics and rising health costs, the healthcare industry is a problem space that needs today's best talent working on solutions with high integrity and a long term view. Devoted Health will improve the lives of seniors by providing the following tools and services:

Personal health guides

Devoted Health will improve the lives of seniors by helping them navigate the healthcare system. Members will receive support from personal health guides who will help answer questions and make house calls when they need extra assistance.

World-class technology

Devoted Health will provide technology-enabled health services, such as facilitating tele-visits for urgent care and getting second opinions from remotely located doctor to create a simplified experience.

Top providers

Devoted Health is partnering with top doctors and hospitals for better health outcomes. Devoted will support primary care doctors with a suite of clinical services that help keep patients healthy at

home. Devoted helps all primary care doctors get the benefits of being part of a comprehensive health system.
